DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-12, 30-37 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The elected embodiment of Figure 11 does not show the integrated structures including semiconductor regions and isolation regions in a first wafer of semiconductor material. Note that Figure 11 and the related description of page 9 of the specification show semiconductor regions (56) and isolation regions (55) on a first wafer (54) of semiconductor material.

Allowable Subject Matter

2. Claims 38-40 are allowed.

Response to Arguments

3. Applicant's arguments filed 01/05/04 have been fully considered but they are not persuasive.

Art Unit: 2811

It is argued, at page 9 of the Remarks, that claim 1 is read on the elected embodiment of Figure 11, therefore claim 1 and related claims should be allowable. This argument is not convincing because Figure 11 and the related description of page 9 of the specification show semiconductor regions (56) and isolation regions (55) on, not in, a first wafer (54) of semiconductor material. If Applicant argues that claim 1 is also read on the elected embodiment of Figure 11, then Examiner issues the rejection of 35 USC 112, first paragraph.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
